## Magisterial District Summary Worksheet - Reestablishment 2021-2022

Start by saving the fillable worksheet template locally on your system as a PDF form. Then, open and complete the worksheets in a PDF browser (not a web browser) to ensure all options and functionality are available. Answer the questions by typing or selecting responses. Press TAB or click on a field to advance. Hover the fields for tips and instructions. Save and upload the completed form to SharePoint.

<b>Magisterial District Court Number:</b>	46-3-01	<b>County:</b>	Clearfield
1. Proposed plan for this magisterial district: Reestablish		2. Effective date: 1/1/2028	
<b>Caseload Analysis</b>			
3. Average total caseloads:	<i>Avg for Magisterial District</i>	<i>Avg for Judicial District</i>	<i>Avg for Class of County</i>
	A. 4,769	B. 4,087	C. 3,230
4. Compare the difference between the caseload average of this magisterial district to your judicial district caseload average.		<i>Difference (3A - 3B)</i>	<i>Ranking Total</i>
		682	2nd out of 4
5. Compare the difference between the caseload average of this magisterial district to your class of county caseload average.		<i>Difference (3A - 3C)</i>	<i>% Above/Below</i>
		1539	48 %
6. If this magisterial district is at the lower end of the caseload range <b>and</b> you are proposing to <b>reestablish</b> (no changes), please summarize your response from the plan that explains why you are departing from caseload equity.			
Not Applicable			
<b>Workload Analysis</b>			
7. Average total workloads:	<i>Avg for Magisterial District</i>	<i>Avg for Judicial District</i>	
	A. 34,329	B. 29,101	
8. Compare the difference between the average total workloads of this magisterial district to the judicial district.		<i>Difference (7A - 7B)</i>	<i>% Above/Below</i>
		5,228	18 %
9. If this magisterial district's average workload is fifteen (15%) percent <i>higher or lower than</i> your judicial district average workload <b>and</b> you are proposing to <b>reestablish</b> this magisterial district, please explain ( <i>summarize your response from the plan</i> ) why this does not result in an unwarranted inequity among the judges.			
Please see attached analysis.			

<b>Magisterial District Information</b>			
10. Magisterial District Judge (MDJ) Information:			
David S. Meholick	12/31/27	12/7/42	
<i>Magisterial District Judge Name</i>	<i>Birthdate</i>	<i>Term Expiration Date</i>	<i>Mandatory Retirement Date</i>
11. Magisterial District Court Information - Physical Location:			
309 Maple Avenue, P.O. Box 452, DuBois, Pennsylvania 15801			
12. Is this court within the boundaries of the magisterial district?			Yes
13. Is the MDJ's residence within the boundaries of the magisterial district?			Yes
14. Are all portions of the magisterial district contiguous?			Yes
15. To the best of your knowledge, are there any planned developments such as a mall, highway expansion or gas drilling that will likely cause an increase in the case filings for this office? If YES, please summarize your response below.			No/Not Sure
16. List any police departments located within this magisterial district.			
Pennsylvania State Police ( DuBois); DuBois City Police Department; Sandy Township Police Department			
17. List any major highways within this magisterial district.			
Interstate 80; US Route 322; US Route 219			
18. List the <b>current</b> municipalities for this magisterial district (alphabetically). For a list, click <a href="#">HERE</a> for Realignment Orders submitted in the past.			
City of DuBois; Falls Creek Borough; Troutville Borough; Bloom Township; Brady Township; Huston Township; Pine Township; Sandy Township; Union Township			
19. Are the <b>proposed</b> municipalities the same as above? If NO, please list all proposed municipalities (alphabetically).			Yes
<b>20. Additional Comments:</b>

## **MAGISTERIAL DISTRICT REESTABLISHMENT / REALIGNMENT / ELIMINATION ANALYSIS**

The 46<sup>th</sup> Judicial District which encompasses Clearfield County, a 6<sup>th</sup> Class County, contains four (4) Magisterial Judicial Districts. Those Districts are numbered and designated as follows: (46-3-01) DuBois; (46-3-02) Clearfield; (46-3-03) Kylertown and (46-3-04) Houtzdale. Election for the positions of Magisterial District Judge, in each of the districts is currently staggered as three of the Magisterial Districts Judges (46-3-02) (46-3-03) and (46-3-04) have term expiration dates of 12/31/2023 and Magisterial District Judge (46-3-01) has a term expiration date of 12/31/2027.

Clearfield County and the 46<sup>th</sup> Judicial District is basically a very rural area located just west of the centerpoint of the Commonwealth. The County contains a total of 1154 square miles with a 2020 population of 78,938. The major development in the County and, hence the Judicial District, has occurred along the Interstate 80 corridor which stretches across the northern portion of the County in a generally East/West direction. That corridor goes directly through three of the Magisterial Districts (46-3-01) (46-3-02) and (46-3-03). The major population areas of the County can also be found within or along that same corridor. Magisterial District 46-3-04 sits along the complete Southern border of the County and currently serves and acts as the Magisterial District Court of jurisdiction for the majority of the municipalities within the County and the 46<sup>th</sup> Judicial District. Population in that area is spread out geographically throughout the area and only one US Route travels through the western portion of the District (US Route 219).

Each of the four Districts have their own individual characteristics which must be considered in any determination as whether any district should be reestablished, realigned or eliminated. The analysis as to each of the individual Districts is as follows:

### **MAGISTERIAL DISTRICT 46-3-01**

This District carries an average caseload 4,769 and an average workload of 43,329. Both of those figures are well above both the average caseload and average workload for the 46<sup>th</sup> Judicial District (4,087 and 29,101 respectively) and for the caseload of other 6<sup>th</sup> Class Counties (3,230). In fact, the average caseload figures of this District are above the average caseload figures for classes of Counties well above a 6<sup>th</sup> Class County.

This District has within its boundary the only Third Class City (City of DuBois) within the County and the 46<sup>th</sup> Judicial District. This District is the home of the Penn State – DuBois Campus and Interstate 80 which travels completely across the Magisterial District and there are three exits on Interstate 80, which fall within the Magisterial District. US Route 322 travels completely across the Magisterial District as does US Route 219.

Clearly, this Magisterial District cannot be eliminated based upon the analysis however consistent with the analysis as to the other Magisterial Districts, this District should be reestablished in its current form. In order to address disparity between Magisterial Districts during the last Reestablishment process in 2012, the municipal jurisdictions of Penn Township and Grampian Borough were removed from this District and transferred to Magisterial District 46-3-04. The reason for the selection of those particular municipalities for transfer was due to their closeness to Magisterial District 46-3-04 as well as due to the geography of the area. Historically, what has commonly become known, as the DuBois Area does not include Penn Township and Grampian Borough and included generally those areas surrounding the City of DuBois and those areas to the north and east of the City. All of those areas fall within the DuBois Area School District while Penn Township and Grampian Borough were not within that school district. The transfer of those two municipalities appeared to be the natural point to realign the District based upon the geography of the area, the perception of the citizens within the communities in the area and the voting districts involved. The current district, in its present form cannot be further realigned without severing the current municipal boundaries, interfering with voting districts, severing the current school districts and impacting the Police Departments that currently cover and serve the area. It is therefore proposed that this District be reestablished as it currently exists.

#### **MAGISTERIAL DISTRICT 46-3-02**

This District carries an average caseload of 6,492 and an average workload of 45,534. Both of those figures are well above both the average caseload and average workload for the 46<sup>th</sup> Judicial District (4,087 and 29,101 respectively) and for the caseload of other 6<sup>th</sup> Class Counties (3,230). In fact, the average caseload figures of this District are above the average caseload figures for classes of Counties well above a 6<sup>th</sup> Class County.

This District has within its boundary the County seat and the majority of the larger Boroughs within the County and the 46<sup>th</sup> Judicial District. Interstate 80 travels completely across the Magisterial District and there is one exit on Interstate 80 which falls within the Magisterial District. US Route 322 travels completely across the Magisterial District.

Clearly, due to the average caseload and average workload figures, this Magisterial District cannot be eliminated however consistent with the analysis as to the other Magisterial Districts, this District should be reestablished in its current form. This Magisterial District currently serves four municipalities. Each of those municipalities lie within the river basin of the Susquehanna River which flows through each of those communities. Geographically, the municipalities are tied together by that closeness to the river and the valley that it creates and the area is commonly referred to as the Clearfield Area / Curwensville Area. To remove any areas from this Magisterial District would not serve to address the disparities in other Districts and would disrupt the current flow of cases within the District which currently serves only four populous municipalities. In order to address the current number of filings and cases within this District it does participate in the Criminal Centralized Court system which should allow for the further

spread of some of the caseload and workload in order to help address any Magisterial District disparity. It is therefore proposed that this District be reestablished as it currently exists.

### **MAGISTERIAL DISTRICT 46-3-03**

This District carries an average caseload 3,682 and an average workload of 23,174. Both of those figures are below both the average caseload and average workload for the 46<sup>th</sup> Judicial District (4,087 and 29,101 respectively) and but above the average caseload for other 6<sup>th</sup> Class Counties (3,230).

Interstate 80 travels completely across the Magisterial District and there are two exits on Interstate 80 which fall within the Magisterial District. US Route 322 travels completely across the Magisterial District. This Magisterial District sits directly west and adjacent to the more populous Centre County. U.S. Immigration and Customs Enforcement (ICE) has in 2021 opened an Immigration and Detention Facility in this District which is the largest such facility on the East Coast. The institution has already started requesting various services from the Magisterial District Court and the Court of Common Pleas.

Clearly, this Magisterial District cannot be eliminated however consistent with the analysis as to the other Magisterial Districts, this District should be reestablished in its current form. This Magisterial District does participate in the Criminal Centralized Court system which should allow for the further spread of some of the workload in order to help address any Magisterial District disparity. In the Reestablishment process in 2012, it was proposed that the municipal jurisdictions of Boggs Township and Wallaceton Borough be removed from this District and transferred to Magisterial District 46-3-04 in order to aid in addressing the disparity with that District.

This District is somewhat more rural then the Magisterial District of (46-3-01) and (46-3-02) and does not have a generally concentrated Borough within its borders. Because of its location, it would not be possible to realign any other Magisterial Districts such that the slight disparity in caseload and workload could be addressed. It is therefore proposed that this District be reestablished as it currently exists.

### **MAGISTERIAL DISTRICT 46-3-04**

This District carries an average caseload 1,407 and an average workload of 13,362. Both of those figures are below both the average caseload and average workload for the 46<sup>th</sup> Judicial District (4,087 and 29,101 respectively) and for other 6<sup>th</sup> Class Counties (3,230 and 24,894 respectively).

The disparity in average caseload and average workload rates for Magisterial District 46-3-04 can readily be explained. The District encompasses 385.03 square miles of area and has relatively few major highways which traverse the District. Only a portion of US Route 219 travels along the western boundary of the District. Although State Routes 36 and 53 travel through the District they do not generally carry more than local traffic. The largest concentrated population area based upon 2020 population is Houtzdale Borough with a figure 764 persons. The district is very large geographically and,

at present, has jurisdiction over 27 different municipalities, which is the largest number of any of the Magisterial Districts within the Judicial District. Because of its size this District is currently served by three different Pennsylvania State Police Barracks (Clearfield, DuBois and Punxsutawney) as well as one local Police Department.

Normally, such figures would suggest that this Magisterial District should be considered for elimination or some form of realignment. Assuming that elimination would occur, that would mean that the geographic area and the municipalities that are served by Magisterial District 46-3-04 would have to be absorbed into the remaining three Magisterial Districts. To do such would place more burden on those three Magisterial Districts, two of which are already working with average caseloads and average workloads that are far above those that would be applicable to a 6<sup>th</sup> Class County. Their figures, in most instances, are above the average caseload and average workload rates for a 4<sup>th</sup> Class County. Those remaining Districts are not in a position to accept any further caseload or workload nor do any of the other Districts have the staff to handle such an increase.

Should this District be eliminated and the other Districts absorb the loss, the travel time for citizens to appear at the remaining three District Justice Office would be too burdensome. For example, for a citizen who resides in Westover Borough or Coalport Borough, within this District, to travel to District 46-3-01 in DuBois, they would have to travel an hour and 5 minutes. For that same citizen to travel to District 46-3-02 in Clearfield, they would have to travel an hour. For that same citizen to travel to District 46-3-03 in Kylertown, they would have to travel, once again, just over an hour. There is simply no good travel route within the District in order to reach the other three Districts in even the best of conditions, let alone in wintertime conditions.

This District is also the site of the State Correctional Institution at Houtzdale. Currently the Magisterial District Judge within this District conducts in person Preliminary Hearings at either the SCI – Houtzdale Institution or in the Magisterial District Office thereby eliminating the need to transport the inmates for over an hour to some other Magisterial District Office.

Realignment of Magisterial Districts in order to increase the size of this District likewise could not be achieved. To do so would sever various municipalities, sever voting districts and split coverage areas of the State and Local Police Departments which cover the area.

It should be noted that in order to assist with the caseload and the functioning of Magisterial District 46-3-02, which is our highest caseload and workload office, MDJ Glass from 46-3-04 has been assisting that office to further address the disparity in the offices. By doing so, Court Administration does not need to ask for the assignment of a Senior MDJ, which would impose a further cost upon the State. This Magisterial District does participate in the Criminal Centralized Court system which also further spreads some of the workload in order to help address any Magisterial District disparity. Previously as a result of the Reestablishment process in 2012, there was a transfer of Penn Township and Grampian Borough from Magisterial District 46-3-01 and Boggs Township and Wallaceton Borough from Magisterial District 46-3-03 in order to aid in equalizing the disparity among Districts. That move would transferred 61.35 additional square miles to the District with an additional population base of 3,684 persons. Such

realignment also transferred more of State Route 219 into the District's jurisdiction as well as, for the first time, transferred a portion of US Route 322 into the District.

Based upon consideration of all of the above and in light of the Courts intimate knowledge of the areas and jurisdictions involved it would therefore be proposed that this District be reestablished as it currently exists.

**CONCLUSION OF ANALYSIS**

**MAGISTERIAL DISTRICT 46-3-01:** IS PROPOSED TO REMAIN UNCHANGED AND WOULD BE REESTABLISHED.

**MAGISTERIAL DISTRICT 46-3-02:** IS PROPOSED TO REMAIN UNCHANGED AND WOULD BE REESTABLISHED.

**MAGISTERIAL DISTRICT 46-3-03:** IS PROPOSED TO REMAIN UNCHANGED AND WOULD BE REESTABLISHED.

**MAGISTERIAL DISTRICT 46-3-04:** IS PROPOSED TO REMAIN UNCHANGED AND WOULD BE REESTABLISHED.
